

DINING/BAR CHAIR

2023 DESIGN EXCELLENCE AWARDS

ALFRESCO HOME

Dining/Bar Chair

Bijou Dining
Chair

Product Description: The Bijou is a bold and exciting introduction. This European design features contract grade aluminum frames wrapped with solution-dyed rope material to achieve an on-trend look that is sure to turn heads. The powder-coated frame color is taupe, and the rope is an elegant gray. The finishing touch is the solution-dyed acrylic fabric wrapping the exclusive BeeWett® drainable cushions. Although these will complement virtually any outdoor dining table, we recommend the matching table that is topped either with lightweight concrete or natural teak.

Operational/Functional Aspects:

Colors of Finishes Available:
Taupe frame finish/Grey Rope

ALFRESCO HOME

Dining/Bar Chair

San Simeon
Swivel Sling
Gathering
Stool

Product Description: The San Simeon Gathering Stool is a chic and durable stool for outdoor use around your favorite barbecue island, outdoor kitchen or other counter height table. It is made from EverTeak which is an innovative engineered polymer material composed of unique virgin plastics to look and feel like real wood and is completely recyclable. Coloration is all the way through, and the material is manufactured with premium UV inhibitors. It will be featured in two elegant maintenance-free colors – a light “Mineral” color and a darker “Alpaca” color (each with a coordinating PhiferTex sling).

Operational/Functional Aspects:

Rhodes
Armchair

Rhodes Armchair

Designer:
Bernhardt Exteriors
Design Team

Product Dimensions:
Depth: 27"
Width: 24"
Height: 34.2"

Weight: 25.8 lbs.

Product Description: Wood frame of carbonized teak, supporting an upholstered tight seat and back, covered in weather-resistant fabric. The open cell foam used in the seat and back allows for quick drainage if exposed to water or moisture. Water-resistant ticking adds to the relaxed comfort.

Operational/Functional Aspects: Bold shaping creates a mesmerizing geometric style on the Rhodes outdoor armchair. Crafted from carbonized teak in Weathered Teak finish, the frame supports a softly curved back and seat made from weather-resistant materials.

Colors of Finishes Available:
Weathered Teak finish only.

BROWN JORDAN

Dining/Bar Chair

Oliver Bar Stool

Product Description: Strong, structured and seamless, the Oliver Bar Stool takes the **collection's** design motifs to bold new heights - 44 inches to be exact - while keeping every detail in perfect proportion. A low-profile, angular aluminum frame fabricated from extruded, custom cast and solid metal elements cradles the bar **stool's** bucket seat, suspending it as if in mid-air. In addition to highlighting Brown **Jordan's** unrivaled expertise in metal craftsmanship, the design showcases our innovative use of woven rope. This durable, heritage material – “a modern updated look to **wicker**” – is handwoven onto the actual frames by skilled artisans in Indonesia. Completing the look, impeccably tailored cushions hug the curves of the rope seat and cosset the body in luxury.

Operational/Functional Aspects: Extruded and cast aluminum frames, handwoven polypropylene rope, premium tailored cushions, high-resiliency (HR) foam cushion construction, Velcro attachments to keep cushions in place, Extruded aluminum frames are lightweight and resistant to corrosion. Cast aluminum offers enhanced durability with added resistance to wind/weather and corrosion. Polypropylene rope is UV- and stain-resistant, Wide range of finishes offers design flexibility for multiple styles, HR foam cushion construction provides enhanced softness, greater comfort and elasticity, and increased durability.

CASTELLE

Dining/Bar Chair

Gala Dining
Chair

Product Description: Inspired by the parallel movement of two dancers waltzing side by side, Castelle's Gala dining chair is a true statement piece made for the outdoors. Its contemporary silhouette is a magical blend of straight lines and hard corners with a graceful wrap-around back that represents the joining of arms in dance. The pair of vertical tubes featured on the back panel support the seat frame as if it were effortlessly floating – bringing an airy lightness to the **collection's** refined look. Its durable all-aluminum frame is built to endure the outdoor elements, while the plush cushion seat delivers supportive comfort. Pair with one of our custom Castelle tables to transform any outdoor area into a luxury alfresco retreat for all seasons.

Operational/Functional Aspects:

Colors of Finishes Available:
Any stocked Castelle finish.

Dining/Bar Chair

Summit
Dining Chair

Product Description: The Summit dining collection is a refreshed nod to some of patio's greatest classics. Borrowing such popular elements as comfortable and low maintenance full-glove slings, Summit then updates with tapered aluminum frames and crowns each arm with a sculpted Neuwood® ergonomic arm cap. Summit was designed specifically as a mid-price Neuwood® collection that exhibits the versatility and beauty of this unique material to accentuate, upgrade or grace any outdoor design. Neuwood® is a game-changing, patented and highly environmentally responsible polymer that uses bio-mimicry to create a sustainable and closed-loop recycled outdoor material that looks and feels just like wood. Neuwood® is nature-inspired but man-made and impervious to anything mother nature throws at it.

Operational/Functional Aspects: Easy to clean / quick-dry seats; mixed material – rust-free aluminum and sustainable, 100% recycle able Neuwood.

Colors of Finishes Available:

LINYA OUTDOOR LIVING

Dining/Bar Chair

Maysi

Maysi

Designer:
Jonathan Bax

Product Dimensions:
23.5" x 24.75" x 32.5"

Weight: 36 lbs.

Product Description: The Maysi swivel rocking dining chair is constructed of solid aluminum framing with a Phifertex sling seat and back. The seat features a thin removable seat pad for added comfort when desired. The seat pad has been constructed out of Sunbrella fabric with an easy-to-affix attachment method. Velcro strips are sewn along the underside of fabric flaps which get secured underneath the seat creating a sturdy, hidden attachment point.

Operational/Functional Aspects: The key operational component of this product lies in the construction of the back. The sling back panel is secured to the chair frame by a single point allowing the back to pivot. This pivot point allows for the back panel to rotate freely, giving customers a much greater range of motion and comfort.

Colors of Finishes Available:
Onyx

MAMAGREEN

Dining/Bar Chair

PRADO Dining Chair

PRADO Dining Chair

Designer:
Mamagreen Design Lab

Product Dimensions:
Diameter: 22.5"
Width: 22"
Height: 33"

Weight: 18 lbs.

Product Description: To complete the Prado set, we redesigned the classic **director's** chair. The padded seat and back, made of Elios mesh by Serge Ferrari, allows comfortable sitting. The armrests fit under the clearance of the dining table and have an optional handsome teak inlay.

Operational/Functional Aspects: Prado features a highly functional mechanism, allowing the chair to be easily stored and transportable anywhere from a yacht to a bar or restaurant. With a large selection of powder-coating colors and textile options, the Prado chair can be configured to match any style.

Colors of Finishes Available:

Frame: Stainless Steel Cotton, Iron Black, Rust, Champagne

Padded Sling: Eden Light Grey, Eden Glacial White, Eden Acier, Eden Beige Grey

PAVILION FURNITURE

Dining/Bar Chair

Sandcastle Dining Chair

Sandcastle Dining Chair

Designer:
Craig Jones,
Jones & Partners

Product Dimensions:
18" x 30.75" Bar Height
17" x 24.25" Counter
Height

Weight: 9 to 10 lbs.

Product Description: Inspired by simple childlike shapes, this furniture collection explores how objects delineate space to create an outdoor room. The **product's** DNA includes a series of tapered cylinders reminiscent of sandcastles built along a coastline. Much like a sandcastle, where there is visual variation in height and scale, this collection explores ways to spatially plan and arrange furniture to create fluid use of the outdoors.

The collection includes a series of stools scaled to support interactive outdoor use.

Operational/Functional Aspects: The stool frame consists of rectangular aluminum topped with a soft, integral foam seat. The materials used in the foam construction are water-resistant – like a life jacket – and resilient to outdoor elements of heat, cold and humidity. The soft seat is available in five colors that complement standard aluminum frame finishes. An aluminum seat option is also available in standard aluminum frame finishes. Made in Miami, this playful new collection is designed for demanding outdoor environments, including wind-prone rooftops, balconies and coastal settings that exist within hospitality, contract and residential markets.

Colors of Finishes Available:

Aluminum Base: Powder Coat Finishes, 13 Colors. Seat Options: Aluminum with Powder Coat Finishes or Self-Skin Foam Seat, 5 colors

POLYWOOD

Dining/Bar Chair

Chinoiserie Dining Chair

Chinoiserie Dining Chair

Designer:
Martha Stewart

Product Dimensions:

Diameter: 25.44"

Width: 25.88"

Height: 37.56"

Weight: 28 lbs.

Product Description: Chair features comfortably arched back and contoured seat. Built to withstand a range of climates including hot sun, snowy winters and strong coastal winds. Constructed of genuine POLYWOOD® lumber, a proprietary blend made from sustainable materials including landfill-bound and ocean-bound plastics. Durable, all-weather lumber not prone to splinter, crack, chip, peel or rot. 20-year limited residential warranty; three-year limited commercial warranty. Cleans easily with soap, water and a soft-bristle brush. UV protectant and color continuously throughout the HDPE material; requires no painting or waterproofing. Marine-grade quality hardware.

Operational/Functional Aspects: Effortless entertaining starts with the Martha Stewart by POLYWOOD Chinoiserie Dining Side Chair, a striking design that keeps guests comfortable through the last course. The intricate latticework is the star, while linger-worthy details like a reclined back and contoured seat play supporting roles. Designed to last a lifetime, this all-weather, heirloom-worthy dining furniture is somewhere recipes, traditions and laughter are shared. Pair the Chinoiserie Dining Side Chair with any complementary dining table to create an all-weather dining set that seamlessly transitions from daily gatherings to finer dining. The Dining Side Chair also comes available as a Dining Arm Chair.

Natural Oak frame and Linen Outdoor Vinyl.

THREE BIRDS CASUAL

Dining/Bar Chair

SoHo Stacking
Armchair

SoHo Stacking Armchair

Product Description: The SoHo Stacking Armchair in black features a powder-coated aluminum frame accompanied by grade-A teak accents and slats. The beautiful teak slats are curved in both the seat and back for ultimate comfort. The sleek black colorway will age incredibly as the teak turns silver, giving it a unique look no matter how it's maintained.

Operational/Functional Aspects:

The chairs can stack up to six in height while the armrest has teak accents which helps avoid burns from hot metallic surfaces when used in direct sunlight. The teak wood is kiln-dried and chosen without knots and imperfections to ensure a long-lasting chair that is nearly indestructible under normal wear and tear.

Colors of Finishes Available:

New addition is in black. White and silver also available.

Product Dimensions:
22.5" x 22.25" x 33.5"

Weight: 17.25 lbs.
