## San Simeon High-Back Swivel Lounge Chair

Product Description: The San Simeon High-back Sling Swivel Rocker is a generous and comfortable swivel rocker. It is made from EverTeak which is an innovative engineered polymer material composed of unique virgin plastics to look and feel like real wood and is completely recyclable. Coloration is all the way through, and the material is manufactured with premium UV inhibitors. It will be featured in two elegant maintenance-free colors – a light “**Mineral**” color and a darker “**Alpaca**” color (each with a coordinating PhiferTex sling).

Operational/Functional Aspects:

Colors of Finishes Available:  
Mineral EverTeak or Alpaca EverTeak

# Wilmington Lift-N-Set Adirondack

Designer:  
EC Woods  
Design Team

Product Dimensions:

Depth: 34"

Width: 31"

Height: 37"

Weight: 45 lbs.

Product Description: EC Woods is proud to introduce the Wilmington Lift-N-Set Adirondack chair featuring our patent-pending adjustable seat mechanism. Now the timeless beauty and comfort of Adirondack chairs can be enjoyed by all. Say goodbye to awkward struggling to get out of your chair. Our hassle-free design makes it easy to adjust the seat height from the lowest setting for relaxation to the highest setting for engaged interaction with those around you as well as the ability to get up with ease. Our furniture is made with environmentally friendly Tangent sustainable lumber.

Operational/Functional Aspects: The Wilmington Lift-N-Set Adirondack seat adjusts without the use of pins, levers or latches. The mechanism automatically engages and disengages as you lift the seat to the desired height. With four height settings you are sure to find the setting that's just right for you.

Zander

# Zander

Designer:  
Jim Sica

Product Dimensions:

Depth: 28.35"

Width: 34.92"

Height: 35"

Weight: 24.09 lbs.

Product Description: The timeless Zander collection is an outdoor interpretation of a mid-century classic. The original, iconic tripod legged, bent plywood chair was cleverly reinterpreted as an outdoor three-point spring chair with Neuwood®, a game-changing, patented and highly environmentally responsible polymer. Neuwood® uses biomimicry to create a sustainable and closed-loop recycled outdoor material that feels, looks, paints, bends and crafts just like fine woodworking but is impervious to mother nature. This revolutionary technology is inspired by nature but responsibly man-made. Neuwood's exclusive unique wood-like properties affords freedom to create such iconic pieces, never before possible to grace the great outdoors. Finished in a beautiful Sea Salt, Zander also features an ergonomic formed seat with an accent pad-upholstered in a sustainable high-performance fabric.

Operational/Functional Aspects: Neuwood® is a green product which provides the important function of being highly recyclable-of more than eight times; Spring Motion.

Colors of Finishes Available:

## Trellis Lounge Chair

# Trellis Lounge Chair

Designer:  
Edi & Paolo Ciani

Product Dimensions:

Length: 37"

Width: 31"

Height: 35"

Weight: 31 lbs.

Product Description: The Trellis Lounge Chair makes its debut as the flagship of the Heritage collection's Modern line from Jensen Outdoor.

Designed to inspire looks from those seeking an update on Adirondack, the angularity of the frame excites while the soft landing of the contoured seat invites.

See the fine detailing in the wood back slats as they combine with the broad arms and leg supports to make a striking visage.
