Powered Market Umbrella

Powered Market Umbrella

Product Description: The Sunvilla Powered Market Umbrella is a sleek new powered umbrella. The umbrella is easily raised and lowered with a simple click on the app. The up-lighting adds a layer of ambiance to the beautiful structure of the umbrella. The slim battery attaches to the pole, and a solar panel atop the umbrella recharges the device. A sleek anodized finish on the frame complements the modern design.

Operational/Functional Aspects: The Sunvilla Powered Market Umbrella features integration for app control to open and close the umbrella. The slim battery design attaches to the pole. A solar panel is on top of the umbrella for recharging. Up lighting is integrated into the frame and can also be controlled by the app. The app itself can be connected to several umbrellas, making it a breeze to control multiple umbrellas.

Libra

Libra

Product Description: The Libra center-post umbrella delivers beauty, functionality and durability with anodized aluminum profiles for rust- and corrosion prevention. It also features modern powder-coated hub and fittings and commercial-grade canopy fasteners for added strength. The contemporary flat pitch canopy structure completes the signature look with elegance and durability.

Operational/Functional Aspects: The Libra features a unique easy-to-use push-up and automatic locking system, eliminating the need for a pin. The telescoping mast allows unobstructed closure over tables and chairs, providing ultimate shade functionality. Enhance your outdoor experience with the Libra center-post umbrella, providing both style and convenience.

Solaris

Solaris

Product Description: The Solaris side-post umbrella redefines modern elegance with its curved lines and soft edges. By fusing design with durability, the anodized aluminum frame protects against corrosion, rust and fading to endure the harshest of environments. Modernly designed powder coated aluminum hub and fittings complete the finishing touch and attention to detail.

Operational/Functional Aspects: Designed with many impressive features, the Solaris side post includes an effortless crank mechanism, which makes it incredibly easy to open and close. The 360-degree rotation and infinite tilt function allows you to adjust the position and angle of the umbrella to block out the sun at any time of day.

Weight: 39 lbs.

Suggested Retail Price:
\$3,618

Product Description: A designer umbrella created by Site Li and crafted from the finest materials available. We started with a proprietary, high quality aluminum hub along with carbon fiber ribs to create a lightweight, minimally designed umbrella with optimal performance. We top it off with the best quality outdoor UV-rated fabrics. Our Canopi collection offers three styles: Forum, an elevated market style; Grace, a flat, minimal design and Duplici, an elegant double-tier. Each style will be available in two sizes: 6' square and 9' octagon.

Operational/Functional Aspects: Available as push-up or marine pully with optional light kit available. Choice of any Woodard umbrella fabric plus Sunbrella Marine Grade fabrics as well.

Colors of Finishes Available:
Two pole options; Bright and Black
