### Weight:

**Product Description:** The Logano decorative planter is the latest in the Alfresco Home Hybrid-Stone series of products. Suitable for the outdoors year-round. Logano can easily transition to inside the home. Produced with next tech materials, Logano consists of reinforced fiberglass, natural earth stone and more to create the hybrid-stone unit. This results in a much lighter weight product that is substantial and durable. Accented with a natural stone brushed patina rim and a natural off-white toned body, Logano seamlessly blends indoor design with outdoor functionality.

## WEST OF THE WIND

Flashpoint  
Outdoor Art

**Product Description:** The amazing clarity of our images starts with licensing the finest professional Artists whose work can be enlarged while still retaining the crispness and detail of the original painting or photograph. Using the Giclee method of technology and state of the art equipment, we are able to reproduce these artists' works for use in a variety of outdoor applications.

Treated with a proprietary coating our canvas prints are waterproof and UV protected to withstand even the harshest environments. Gallery wrapped on 1.5" vinyl stretcher bars using stainless steel staples, this framework insures against warping or deterioration.

Designed to withstand 60 mph winds, each print includes our simple yet effective hardware for outdoor installation. The 'hooks' can be screwed into stone, stucco, brick, wood or aluminum. Brackets affixed to the back of the image snap into place on the hooks. A template is included for ease of installation.

Tested by two independent laboratories for corrosion, fading, and framework durability; they passed with exceptional ratings. Guaranteed by manufacturer's warranty for two years.

**Operational/Functional Aspects:** Transform any outdoor space with this vibrant and durable All Weather Outdoor Canvas Art. The perfect accessory for retailers and designers that can be placed by the pool, an outdoor kitchen, balcony, porch or patio. Our Outdoor Art adds a new design dimension to these areas and can be placed in any outdoor location with direct exposure to the elements.
