Ember Fire Pit

# Ember Fire Pit

**Product Description:** Ember is a stylish fire pit with modern Scandinavian lines designed to match your exterior. Ember is designed by Strand+Hvass. The freestanding fire pit provides comfy and warm vibes for the summer evenings. Ember includes both beautiful and practical design features, for example, the rainwater will quickly drain off due to the shape of the fire pit and the drainage gaps. Ember is crafted in cast iron, which is a robust material for fire pits.

**Operational/Functional Aspects:** The Ember fire pit is designed with drainage gaps to ensure that the rainwater quickly can pass through the fire pit. Additionally, it is possible to purchase add-ons for the Ember fire pit for maximizing the campfire experience. For instance, you can purchase a matching lit and wire grill grate. Lastly, the large Ember fire pit is designed with a circle. This is to ensure that you and guests are in a safe distance from the fire.

**Colors of Finishes Available:**

Black

**Designer:**

**Product Dimensions:**

Diameter: 43"

Height: 8.7"

**Weight:** 132.2 lbs.

# Jensen Outdoor Glow Fire Table

**Product Description:** Jensen Outdoor is proud to introduce the Ipe-inspired Glow Fire Table as a much-requested accessory to the Jensen Outdoor Ipe lounge furniture collections. With Glow you have the fine detailing of Ipe wood replicated in UV-printed cement resin supported by a steel frame. The 40,000 BTU stainless steel burner is connected to a 20 lb. propane tank via an industry-leading thermocouple safety system. The unit comes with amber fire glass and a soft-gray cover.

**Operational/Functional Aspects:** Glow – Fire Table. Sit back, eat, relax and enjoy the warmth of your own fire with ample table space for a glass of the finest bourbon. The table will remain a perfectly preserved color of chocolate-brown Ipe-look finish over time and comes with a charcoal-gray steel fire element cover.

**Colors of Finishes Available:**

Ipe wood-look replicated in UV-printed cement resin and charcoal-gray steel fire element cover.

Uptown Fire  
Table

## Uptown Fire Table

**Product Description:** Gather around the Uptown fire table with a two-tiered natural wood table design. Made with durable Iroko wood, aluminum construction and linen colored cement burner surround to elevate the stunning 12" x 42" Crystal Fire(R) Plus burner, the Uptown will warm up your outdoor space.

**Operational/Functional Aspects:** Iroko wood, also known as African Teak, is durable wood that is FSC certified and sustainably sourced. The frame, pedestal and propane tank housing are black powder coated aluminum for maximum longevity. The unique contemporary style of the Uptown not only lights up the evening, but also gives serving and dining space.

**Colors of Finishes Available:** Iroko wood with linen-colored cement burner and black frame.

### Product Dimensions:

Width: 64.5"

Depth: 48.23"

Height: 23.75"

**Weight:** 200 lbs.

Apollo  
Aluminum  
Fire Pit

**Product Description:** Powder-Coated Aluminum Fire Pit

**Operational/Functional Aspects:** This fire pit top has been designed without a table rim. The edges are bent and welded creating a seamless design with a bonus of added strength. Ms. Jones will love how her crumbs don't get stuck against the rim when cleaning. Available in a 42" square and a 50x30 rectangular. A 48" round is available as well but is has a captured rim instead of a bent edge. (Round is the Avalon series top)

**Colors of Finishes Available:** Multiple matte powder coat finishes.
